

Model: **AK-SW-22**

Product code	AK-SW-22
Compatible with	Huawei
USB output voltage	5 V / 1 A
Power supply connector	USB
Cable length	50 cm
Data transmission	Yes
Product size (L x W x H)	30 x 30 x 27 mm
Package size (L x W x H)	160 x 115 x 28 mm
Net weight	15 g
Gross weight	18 g
CE compatibility	Yes
RoHS compatibility	Yes
REACH compatibility	Yes
EAN code	5901720136718
Warranty	24 months

# Description

**Akyga® AK-SW-22** is a replacement charger for **Huawei Band** sports bands. High quality workmanship makes it a good alternative for a damaged or lost original charger. As with the original version, this one also has **practical hooks** that keep the smartband in the right position during charging. Thus, the charging watch is protected against uncontrolled detachment and unwanted interruption of charging. Furthermore, the adapter is equipped with **two spring-loaded pins**. These guarantee a perfect connection to the contacts located in the wristband at the time of charging. Another advantage of the charger, is the detachable **50 cm long USB - Micro USB cable**. Thanks to this you can at any time change the cable for another, adapted to your needs. You can freely extend it, when you need to connect it to the power supply behind the couch or to the rear USB port in the computer case, as well as when you need to shorten it, so as to reduce the number of cables tangled in your bag or backpack.
